Dear Michael Browne,

At our meeting on September 3, 2026, the Board of Directors of the Sauk Prairie Conservation Alliance voted unanimously to send comments opposing the MGS BECI 765kV powerline. The sense of our discussion was that we oppose the plan for this line given it transverses special landscapes and does not make use of existing powerline corridors. Specifically, we oppose segments 13 and 14 that are proposed to cross the Badger Lands – the lands of the former Badger Army Ammunition Plant.

Our full comments are posted on the Sauk Prairie Conservation Alliance website (saukprairie.org) and I've also appended them below.

My thanks to you, and all of you involved with No 765 Line effort.

Please contact me if you need any additional information.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jocelyn L. Milner".
